### ALL CAMPUS SIGNAGE SOLUTION

#### A CENTRALLY MANAGED, EMERGENCY PROMOTIONAL, REGISTRATION AND EVENTS NOTIFICATION SOLUTION

Achieve campus-wide connectivity through a single point of access.

Reach out to students and faculty with emergency bulletins, class notices and event promotions. Impress prospective students, parents and visitors with a progressive, technology-forward school environment.

Send an environmentally conscious message by drastically reducing usage of paper, ink and

plastics. With a digital display system, your school will be on the cutting edge.

Generate extra revenue. Use your digital signage as a fund-raising opportunity to sell naming rights. Help with way finding. Via touchsreen kiosks, visitors will no longer feel lost with strategically placed interactive maps.

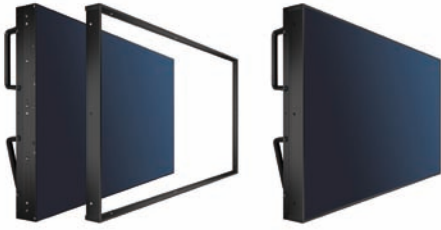

Show off your school with pride. With NEC's high-contrast, professional-grade screens, your team colours will look brighter and sharper than ever.

Consult with an NEC Specialist Partner to discover how NEC can create the optimum Signage Solution for your establishment.

### IDEAL DISPLAY SOLUTION FOR

## X461 VIDEO WALL SOLUTIONS

CREATE OUTSTANDING VIDEO WALLS  
WITH PERFECT COLOUR MATCHING AND  
VIRTUALLY HAIR-LINE BEZELS

NEC are the number one name in Large Format Signage for one reason, we build the very best quality products with innovations that keep them performing in even the most challenging environments. X461UN Video walls are both easy to set up and maintain, have finely adjustable calibration capability and with the customary NEC focus on reliability have the most advanced heat control available so the heat across the whole wall can be managed and not just a single display.

Most importantly however X461UN Video Walls create simply stunning images that will amaze your audience and the intelligent NEC input control allows you to place content either over the entire wall or patterned as you choose. The ultra-thin bezel means that the traditional video wall grid-lines are virtually invisible.

### WALL CALIBRATOR
